Hi Gene,

As discussed, can you email me the WORD version of the Draft TMDL Internal Management Directive? Will make it much easier for us to submit comments....

When do you think you will be able to provide the draft guidance document for implementation plan development in urban and rural residential areas for NOAA/EPA review? During our conversation, you noted you would include a cover note on what changes you intend to make and send it to us shortly.

FYI: OR LiDAR contract awarded and the kick of meeting with the contractor is scheduled for this Thursday (at 1 pm). The call in number is **Nonresponsive**

Cheers,

Jayne
